the charge that the Republican party is inching in landerable and followership is time. The argument that these deficiencies disqualify it from effective competition with the Democratic party in 1936 is false No better demonstration of the fallacy ever was given then the Democratic victory in 1932 when that party had nother a strong leader nor party unlly

Mr Boonevell it will be remembered wan not accepted by the party an a whole. There was deep intercedinty up to the time of the inflored convention as to his netted stieugth.
